## **Journal Statement**

AKSU Journal of Administration and Corporate Governance (AKSUJACOG) is an open-access journal publication of the Department of Public Administration, Akwa Ibom State University. It is a peer-reviewed journal that publishes articles in multidisciplinary areas of scholarship including Management Sciences, Social Sciences, Arts, Agriculture and Environmental Sciences. The rationale is predicated on the assumption that the trajectories of sustainable development in all sectors and societies roll on the crest of sound principles, policies and programmes of organizational structures. Whether these structures are classified as administrative, corporate, managerial or governance systems are a matter of semantics depending on the peculiarities of respective disciplines. And for further progress to be made on the future of mankind, the value of scientific research is sacrosanct to the pursuit, discovery, maintenance and projections into new ways of going about the business of sustainable development. This Journal is a veritable platform for such noble endeavours.

## **Guideline for Submission of Manuscripts**
